The S.T.A.R.S. Conference is geared for “at-risk” students who are ready to make the effort to turn their lives around but need a little push in the right direction. Through workshops and powerful keynote speakers we will provide them a positive way to begin reaching their goals. We ask the students to dress in business attire so that they can begin to feel that they can make a difference.

This year’s keynote speaker is KEVIN LAUE. The first player missing a limb to play NCAA Division 1 basketball, he overcame the early death of his father, a challenging home environment and a legion of critics to become one of the top high school basketball players in California while earning a scholarship to join the Manhattan College Jaspers. Kevin’s inspirational journey connects with both educators and teens.

Your registration includes our Keynote Speaker, a motivating mini-keynote (specific to middle/high school), 2 productive workshops and a culminating “What’s next?” session. Continental Breakfast and Hot Lunch service is included.
