Message from Camp Coordinator

The CADA Camp family is excited for July 2016 and our 33rd year of summer leadership trainings. Last summer we said Aloha to our original camp stalwarts, who led the program since its inception. We sincerely thank Jack Ziegler, John Gibson, Toosje Lamoreaux, Jim Nyberg, Stu Shaffer and Bob Collins who

created and molded a program that has directly impacted tens of thousands of students over the past three decades. Much like high school seniors transitioning to higher education after graduation, CADA camp is moving to its next phase. Therefore, we present:

CADA CAMP 2016 LEADERSHIP U: MINISTERIUM SUPER SE

Our University theme tagline, Ministerium Super Se translates to Service Above Self. This is truly the core idea behind student leadership. The camp program highlights the need for our student leaders to return to their campuses and practice servant leadership as well as the importance of reaching out to all students to provide positive experiences that will engage and allow them to feel welcome and a part of the school community.

As a former CADA camper twice in the mid-90's, I remember what a profound effect the camp experience had on me as I returned to my campus as a student leader to make a positive impact on my school's culture and climate. As an advisor for the past 11 years, I saw what a strong foundation camp provided my student leaders year after year. They gained confidence, developed a stronger desire to serve others and connected with a network of students all throughout California who they called upon throughout the year to gain different perspectives and ideas.

I hope that you and your students will join us in Santa Barbara this July for Leadership U: Ministerium Super Se!

Programs

MIDDLE SCHOOL PROGRAM

(FOR STUDENTS IN GRADES 6-8 IN THE 2016-2017 SCHOOL YEAR)

This unique three-day middle school camp program will allow your younger leaders to gain valuable experience in leadership. Middle school students will be organized into councils under the guidance of credentialed CADA staff members assisted by student board members of the California Association of Student Leaders (CASL). Council curriculum will focus on various leadership topics that will create a strong foundation for the student leaders as they return to their school campuses in the fall. Opportunities are provided for advisors and students to meet for goal-setting, planning and daily debriefing. In addition to two keynote speakers, students will participate in and gain ideas from rally game sessions, a SWAP session, teambuilding and interest session workshops. **An advisor or responsible adult is required to attend with your school delegation. Delegations larger than 15 require a second advisor or responsible adult.**

HIGH SCHOOL PROGRAM

(FOR STUDENTS IN GRADES 9-12 IN THE 2016-2017 SCHOOL YEAR)

The high school program runs four days. Students are organized into councils under the guidance of credentialed CADA staff members and curriculum will focus on various leadership topics that will create a strong foundation for the student leaders as they return to their school campuses in the fall. Each council will be responsible for a project that is produced during the camp experience giving students a collaborative hands-on experience. Projects may include organization of the camp talent show, recognition, large group management, media/technology, lunchtime activities and other events that reflect projects that would take place during the school year. Students will hear three keynote speakers and participate in and gain ideas from rally sessions, SWAP sessions and interest session workshops. **An advisor or responsible adult is required to attend with your school delegation. Delegations larger than 15 require a second advisor or responsible adult.**

ADVISORS

The advisor program, which is parallel to the student program, will cover topics designed to assist new and experienced advisors in developing the most effective strategies to meet their individual school activity plans. Advisors will also have an opportunity to enroll in the Master Activity Advisor (MAA) Program during camp. Course 101: Foundations for Student Activities will be available for new members of the MAA program. Course 202: Leadership Curriculum Development will be offered for others who have previously completed the Foundations course. You must pre-register for either course to allow for appropriate staffing. Information about the MAA program can be found at www.cada1.org/certification.

TALENT SHOW (*High School Camps only*)

All campers are invited to try out to participate in the Camp Talent Show. This extremely popular show features singing, dancing, acting, juggling, skits or any other talent you or your group has.
