

Diversity Poem

Each of us is different, all of us are similar.

*Diversity is what makes each of us different;
diversity is also what makes all of us similar.*

*Diversity is what you can see in each of us;
diversity is also what you might not see in each of
us.*

*All of us, working together, are more than just the
sum of each of us.*

*Each of us has unique experiences. All of us have
collective experiences.*

*Each of us has unique ways of reacting to some
experiences.*

*All of us have similar ways of reacting to most
experiences.*

*Each of us uses unique talents, to accomplish
similar goals. All of us work together as a team to
accomplish one mission!*

*What each of us does, in differing ways, affects
all of us. What all of us do affects each of us, in
differing ways.*

*Each of us is good at something; none of us is
better at everything.*

*All of us, working together, can be the best at
everything!!*
