Welcome to the 2015 CADA Convention

“Your life should not be a game of 
Follow the Leader. 
Pave your own path and DANCE all over it.”

Activities Directors and those who support student activities on our campuses are the “dancers!” You spend your time and energy choreographing your programs to help students learn and grow. You ARE the leader that your students follow and you lead them through good times and bad, challenging years and rewarding years. You lead them tirelessly and you never stop dancing no matter how tired you feel. You do this dance, day in and out, because you care deeply for your students and your campuses.

The 2015 CADA Convention will provide you with all of the dance steps you need to keep improving your amazing, existing programs. It will also help you choreograph new programs so that you can continue to produce outstanding students who will create their own dance steps and will leave their footprints on the world around them.

We always have two choices; we can sit it out or we can dance. As Activity Directors, you are already on the dance floor. The 2015 CADA Convention will bring some bounce to your steps and help you continue to create a dance all your own.

Thank you for attending JUST DANCE 2015!
1. **Network** – Talk to people who have been to prior conventions and find out who and what they recommend. If you are new, make sure you attend the New to Convention Orientation starting on Wednesday at 4:30pm sponsored by USA Student Travel. See page 9 for room locations. This program has been revamped to include mentoring opportunities.

2. **Continue reading your convention program** and check out all the sessions. Choose a first and second choice in each time slot and plan to arrive early – the sessions fill up fast. When you see $\bigcirc\bullet$, this is a session that is relevant to the Common Core. (Speaking, Processing Media, Collaboration, Technology used as a form of Collaboration, Reflection for Personal Growth or Processing Work, Character Education for Reflection, College and Career Readiness)

3. **Don’t miss out on the “fun” evening events** like Wednesday’s dinner followed by networking in the Area Suites sponsored by Lifetouch, Thursday night events sponsored by Herff Jones, and Friday night dessert and dance sponsored by Jostens.

4. **Bring your computer with you**. The internet is free in your room and the convention hall. You can also stop by our Cyber Café to use one of our computers and learn a few tips while checking your email. Note: when you see this $\bigcirc\bullet$, it is a technology course.

5. **Don’t miss “Leadership Lessons” or “Meet the Pros”** – Tickets will be available for both of these sessions at your Area table during registration. Standby tickets for these events are available Thursday and Friday at the registration desk. If you miss a chance to get a ticket, please go to the event early. There is usually room.

6. **Visit CADA’s Exhibit “Dance Hall”** – featuring over 140 vendors with amazing products and services to bring back to your school.

7. **Attend your Area Meeting** – Thursday from 4:30pm – 5:45pm. You’ll meet other advisors in your Area, plus there is a raffle and you just might win something fun! See page 15 for Area Meeting locations.

8. **Stop by the CADA / CASL Store**. You’ll be amazed at the resources you’ll find. Look for a special coupon in the back of this program.

9. **Wear your CADA name badge**. Your name badge is the most important part of your attire during the CADA convention. You will need to wear it at all times to be admitted into the events. However, it won’t go well with your “Prom” attire, so Friday night, you can leave it back in your room.

10. **Sleep when you get home**. This is the time to DANCE!!! Don’t miss a thing.

Developing the Professional Leader  
Jill Mortensen, Ripon HS ........................................................ Dover
A leader is a person that is a positive role model to others that can influence others by their own personal actions. A leader must model the behavior desired by participating in the task at hand. In developing our young leaders, it is essential to teach / provide / guide them with tools that will allow them to become a professional. Our youth need to learn the mechanics of professionalism to take with them in their next adventure after high school. How can we as teachers expect success to occur if we do not provide the techniques to accomplish goals? It is valuable to incorporate curriculum within our leadership program that addresses and applies professionalism.

CADA Fun Run / Walk

Need a little fresh air? Then the Fun Run / Walk is just for you! This simple course is designed for you to take at your own pace. Of course there will be prizes and a continental breakfast. You can still register for this event in the main registration area for only $25. Meet at 7:15am in front of Registration – Atlas Foyer.

Third General Session: Tyler Durman

10:30am – 12:00pm in the Atlas Ballroom – Tyler and his wife Kristen live in Laguna Beach, have a blended family of five children, and although they drive a 1957 VW bus, are not hippies or nudists.

He’s a former teacher, has been a friend of CADA for over twenty years, and is committed to helping students and teachers live inside better stories. He’s spoken live to more than 4 million teenagers, and had the privilege of thousands of one-on-one conversations where students have confided and confessed things they’ve never told anyone. By listening carefully, he came to see that the best way to help schools was to help parents understand how counterintuitive their role is, and that much of what they do to be loving, is in fact hurting their kids and our culture.

In his latest book, Counterintuitive – What 4 Million Teenagers Taught Me, Tyler has found a way to offer bite-sized wisdom to parents and teachers through stories that are intensely funny and poignant at the same time.

3:15pm – 4:05pm & 4:15pm – 5:05pm in Golden Ballroom. Based on the popular TEDTalks, our version will offer knowledge and inspiration from experts on how and why to bring about change on your campus. We invite you to come and listen to these stories, think about leadership programs on your campus and gain new perspective. What are the most important elements we should teach, and what are the most valuable experiences we can provide our students? These will be IDEAS WORTH SPREADING.

Bringing the Joy Back To School
Ryan Willer, Irvington HS

Many of our students on campus are experiencing epidemic levels of stress. This is leading to increases in suicide, drug use, and students dropping out of high school. In addition on our campus we saw a triple fold increase in the number of students being referred for phycological evaluation. To overcome these problems our students and staff came together in a new way to promote a balanced healthy school atmosphere. They created what we now call the EdJOYcation task force, with a goal to bring joy back to high school. In this presentation I will share the changes our student lead task force has made on our campus and where we are going so you can take this information back to your school and make a positive difference. Our end goal is to replace this culture of stress with a culture of joy. Students who take pride in what they have accomplished and find joy in their high school experience.

Learning to Say Yes to Change a Culture
Brittany Casey & Ken Nedler, Dana Hills .......................Pacific 2
We saw a school culture that needed to change. Teams and groups were strong, but not united and each group became its own elite culture. Those students not privileged enough to be allowed on elite teams or in selected groups were being alienated and disaffected within the school culture. School is tough enough as it is for a teenager without being rejected because you weren’t athletic, talented for theatre, or in honors classes. Students are rejected for all sorts of social and economic reasons. Hear how Ken and Brittany changed the culture by saying, “Yes, you can be a part of ASB and student leadership.”

In this session we will cover the steps to making the program your own and getting your students to trust and follow you. Perfect for those who are new to ASB.

The ASB & Schoolwide College Readiness
