HOW TO INVITE

- **SHARE URL:** Create an instant link to share with others
- **BAND:** This option allows you to invite people that are already in a BAND group
- **INVITE CODE:** This option allows you to create a code to invite others. You can then write it on the board or text it to others
- **QR CODE:** Allows people to scan it with their camera and join instantly

POSTING

Use the post feature for things like

- Daily reminders
- Weekly run throughs (see photo to left)
- Discuss things that you can't in class
- Themes for spirit weeks
- Tag students responsible for things
- buddy jobs
- teacher's birthdays
- recycling
- See how many students read your post
- Confirmation posts for participation

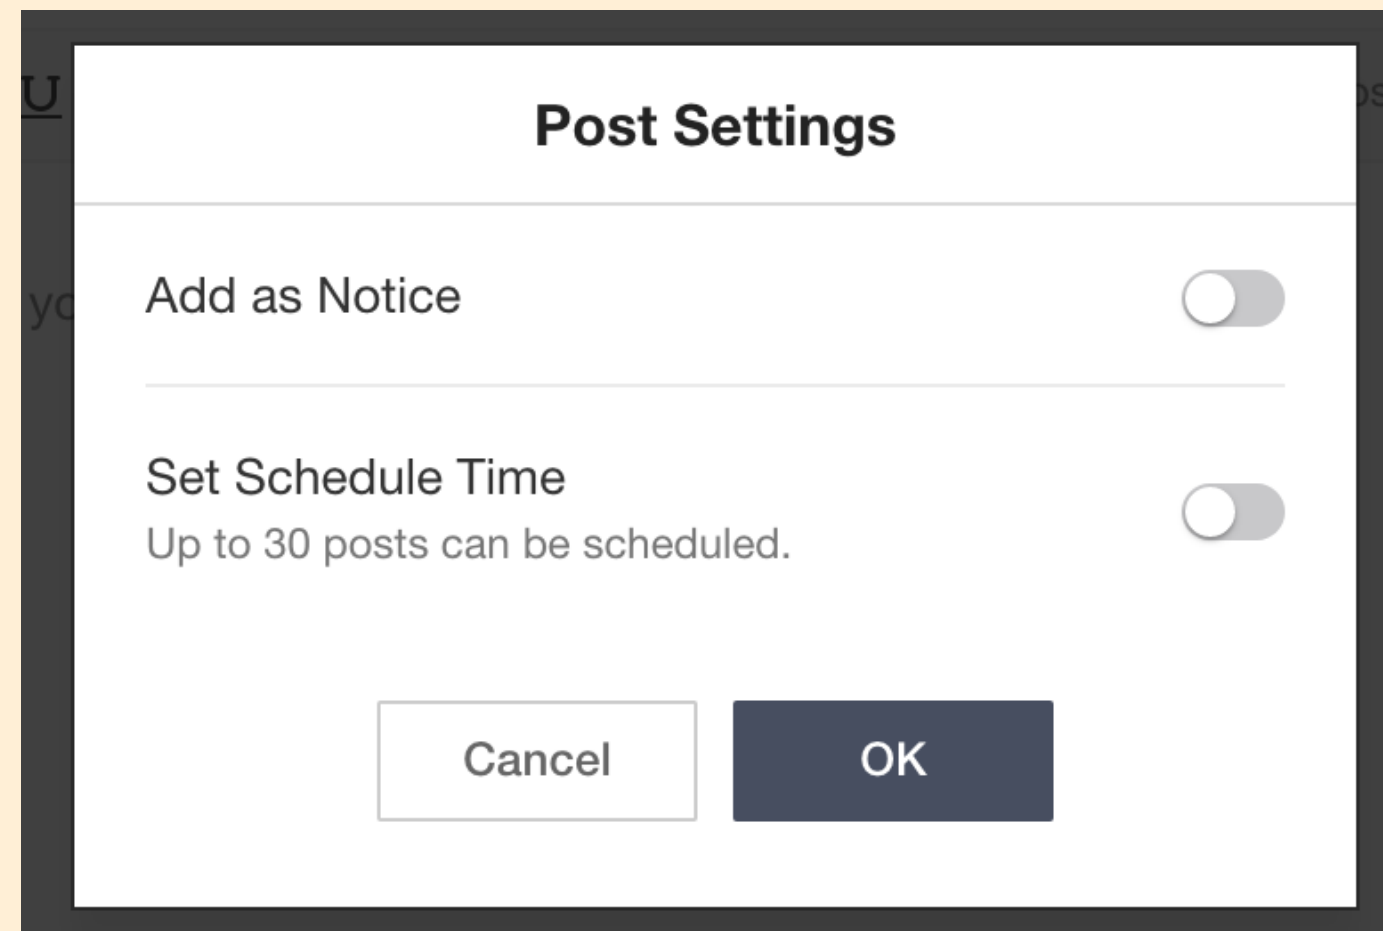

POST SETTINGS-

SCHEDULING A POST

Presentations are communication tools that can be used as demonstrations, lectures, speeches, reports, and more.

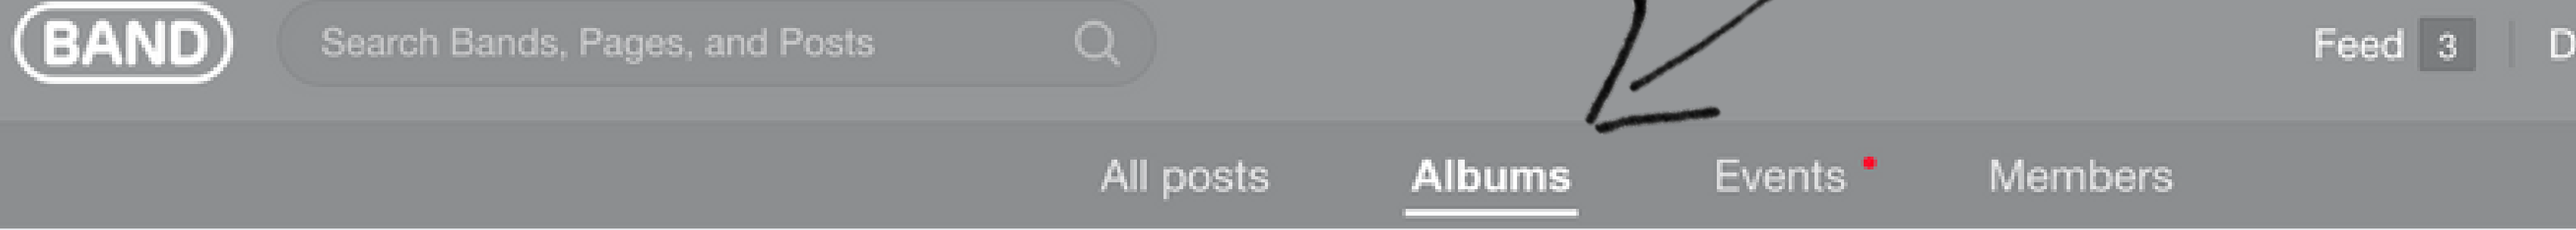

SETTING A POST AS A NOTICE

When you start a post you can set it as a notice. Setting a post as a notice will keep it at the top of your wall so students see it first every time they log on.
