CADA/CASL Virtual Programs Code of Conduct

CADA/CASL is committed to providing a safe, productive, and welcoming environment for all meeting participants. We put forth the following Code of Conduct and we ask all participants to abide by this during the virtual conference.

Participants:

1. Are encouraged to block out their time to fully engage in all sessions for which they are registered.
2. Use appropriate language and a positive attitude during sessions, including verbal participation in video sessions, posts in chat and Q&A forums, discussion boards, timelines, and all other CADA/CASL sponsored sessions/events.
3. Use their personal identifying information (i.e. posted name) which must match their registration information at all times.
4. Should not engage in any form of discrimination or harassment, including but not limited to sexual harassment by participants and/or our staff/speaker/volunteers at our sessions.
5. Should not post any messages that contain promotional materials, special incentives, job offers, product announcements, or solicitation for services. CADA/CASL reserves the right to remove such messages and potentially ban sources of those solicitations.
6. Should not copy or take screenshots of Q&A or any chat room activity that takes place in the virtual space.
7. Must comply with the instructions of the moderator and any CADA/CASL virtual event staff and should not cause disruption to the presentations.
8. Are not to publish others' private information, such as a physical/email address, or photos.
9. Understand that Zoom will be the platform used during the Event, and students are encouraged to download the App, however not create a Zoom account. Participants understand there are inherent risks in attending a virtual event. CADA and CASL have been using the Zoom platform for a number of types of meetings and presentations for a couple of years now. So far, Zoom has proved to be more feature-rich than other platforms. The company continues to assess and release additional updates to continue to strengthen their security and address issues that came to light with the sudden popularity of their service during the pandemic. Our team of educators from all over the state and from many school districts are committed to setting up our virtual training programs to provide a learning-rich environment with safety protocols in place, as well as conduct a training for all of our staff on how to make sure these protocols stay in place during their experience with the CADA/CASL program.

CADA/CASL reserves the right to take any action deemed necessary and appropriate, including immediate removal from the event without warning or refund, in response to any incident of unacceptable behavior, and reserves the right to prohibit attendance at any future event, virtually or in person.
