

# SERVICE PROJECTS FIT FOR A GOD

## District Day of Service

All 5 schools in our district fundraised monies and came together with "Kids Against Hunger Bay Area" to package and ship 25,000 + meals for kids in Haiti.

*Total cost of the project = \$5000*

## Winter Wishes Rally

Every student makes a wish for anything and we try and grant as many wishes as possible. Through fundraising like 15 minute fundraisers and teacher auctions, we are able to make this event a reality. Most of the items we giveaway are from donations.

*Total cost of the event - \$4000+*

## Kicks 4 Kids

Our high school pairs up with a local elementary school where we provide new shoes for up to 100 kids. We fundraise through an event called penny ways and through crowd funding websites. Both schools come together and the high school students help the kids pick out new shoes for school.

*Total cost of the event - \$1500-\$2000+*

## Breast Cancer Awareness Week

A week of events held during the month of October. We raise funds for a local organization "Cancer Care Point". All funds are raised through t-shirt sales and color run event. Money is also collected during football game.

*Total cost of the event - \$400 + shirts (Donation amount \$2000)*
