Sample Letter to Vendors

To the Director of Community Relations

By way of introduction, I am Randy Jensen, the Activities Director for Amelia Earhart Middle School in Riverside California. I am asking you for some assistance in an upcoming school event. Our Annual Pancake Breakfast and Car wash will be held on March 26th, this year's event is one of our few major fund raisers to assist the student body in both academic and extracurricular activities

Amelia Earhart is a California Distinguished School with both high Academic Standards and excellent extracurricular studies for our student body. Our students achieve excellence in their studies and we have been blessed with award winning band, choir, pageantry and cheer courses. To further ensure the success of the school in both areas we are trying to make funds possible to cover their entrance fees, buses, materials and supplies for both academic events such as State Level and National History Day, California State Technology Studies, State, Divisional and National Choral and Band Competitions etc... Unfortunately budget cuts within the district and our schools rapid growth have stripped bare our current financial resources. Prior to requesting direct help from the families of students the school is doing fundraising on our own. To meet this requirement Earhart will be having the Pancake Breakfast and Car Wash on the 26th of March and we would like your organization to assist us in making it a success. Similar letters have been sent to local venues and areas of entertainment to ask for their help in supporting our school but we feel that some larger venue and sports teams such as Medieval Times Participation will improve our fundraising efforts

What we are seeking is for Medieval Times to provide us with 2 dinner show passes. These in turn would be used as part of a silent auction fundraiser at the events on the 26th of March. Your help and assistance in this matter are greatly appreciated. Please notify us as soon as possible as to your decision so that we can properly advertise and give credit to your organization for its help

We want to thank you again for your support in the past years and let you know our fundraiser helped to enable over 100 Students to be able to attend our leadership training retreat

Sincerely

Randy Jensen
