“Passion and purpose go hand in hand. When you discover your purpose, you will normally find it something you’re tremendously passionate about.” Steve Pavling

The heart of human excellence often begins to beat when you discover a pursuit that absorbs you, frees you, challenges you and give you a sense of meaning, joy and passion.

The secret to passionate success is no secret. Just work hard and add real value to peoples’ lives.

Follow your passion, be prepared to work hard, and, above all don’t let anyone limit your dreams.

“When work, commitment and pleasure all become one and you reach that deep well where passion lives, nothing is impossible.” unknown

Never underestimate the value of loving (having passion) for what you do.

Continue to work at what you love. Eventually someone will praise and appreciate you.

If you cannot put your heart in it, take yourself out of it.
