**Lesson Description:** An interactive lesson utilizing student-provided achievement/goals to build effective student leadership teams based on trust and mutual respect.

**Methodology:**

- 1) On the first day of class, distribute 3x5 index cards.
- 2) On the front of the cards, have students write the five achievements in their lives of which they are most proud.
- 3) On the back of the cards, have students list five goals they have for the next year.
- 4) On either a daily or weekly basis, randomly pull one card.
- 5) In a whole class environment, discuss the information the student provided with supportive interaction from classmates and suggestions as to how their goals can be achieved.
