1. **What** are some of the traits, values and skills your Leadership students’ need to embody so that they can embrace **change** throughout the year?

2. **What** are the areas of your Leadership program you would like to improve? (ex. initiative, empathy, creativity, social justice, equity, engagement levels)

3. **What** are the roadblocks that exist in your class culture that get in the way of improving the culture of your school?

4. **Who** are the current staff leaders (groups or individuals) that support empowerment of students and improving student engagement in co-curricular programs?

5. **Who** are some of the other student leaders (groups or individuals) that you could collaborate with to improve the “Leadership Development Model” at your school site?
Books to Read!

Suggestions for School Culture/Climate/Personal Development:
(changing lens, mindset, adapting over time)

- Buddha’s Brain - Rick Hanson
