

Food Drive - Feeder Schools

Goal 1: To increase donations to our local food bank.

Goal 2: To increase communication and cooperation with our feeder schools.

Goal 3: To begin identifying and recruiting future leaders

Using the We Scare Hunger campaign from We Schools we were able to triple our collected donations, create an open communication line with our feeder schools, and build excitement about attend our school among future students.

<https://www.we.org/we-schools/program/campaigns/>

We contacted each of the three feeder schools to set up assemblies for the entire 5th grade. A team of ASB students presented about the need for food, using We Schools resources, and how students can help. They also explained the contest and reward.

Students collected food for 3 weeks. At the end, each feeder school had one winning 5th grade class. Donations were collected from feeder sites and brought to our school for sorting and counting.

Each winning class was brought by bus to our site for a pizza party, team building activities, and campus tours.

Next Steps

- Calendar meetings between our executive board and the feeder school ASB/Stu-Co
- Hold a LDD type day for elementary leaders utilizing our MS leaders as facilitators.
- Get elementary schools involved in our monthly ICC meetings.

The month of October is “We Scare Hunger” month!! Cactus Leadership will be collecting canned food items for donation to the L.A. County Food Bank/Grace Resource Center. Donations will be collected Oct. 2nd-Oct.27th, 2017.

The winning class from each school will be invited to Cactus for a lunch party!

Please encourage your students to participate and help make this a great success.
