Reflect - Restore – Renew
Conversation Starters
Think, Pair, Share

1. **What** events, activities and programs can you evaluate this Spring to help you plan the 2019-2020 school year?

2. **WHY** are we leading? What is the **purpose** of the Leadership program at your school? Are the student leaders clear about what they are leading and **WHY**? *(Are we “event planners” or are we leading change, creating empathy, embracing creativity, social justice, equity, improving engagement levels for students and staff)*

3. **What** are the roadblocks that exist in your school community that get in the way of creating inclusion and improving the overall culture of your school?

4. **Who** are the current staff leaders (groups or individuals) that support empowerment and inclusion of students? *(ex: restorative practices team, peer to peer mentoring, club advisors, program directors)*

5. **Who** are some of the other student leaders (groups or individuals) that you could collaborate with to improve the “Leadership Development” at your school site? Try creating a “Leadership Advisory Board” of students from all four grades in other school programs. *(ex: band, choir, art, service clubs, sports captains, GSA, Raza, etc.)*
A Leaders Bookshelf:

Suggestions for Leadership and Personal Development:

- Everyone Communicates, Few Connect - John Maxwell
