Rally

1. What was your favorite part about the rally?
   My favorite thing about the rally was showing them the dress up days.

2. What are two things we can improve upon for next time?
   Two things we can improve on are having less time where nothing is being said and we have more people participate.

3. Set up/Clean up! Thank you for helping! If you are not in this photo below, tell me why!

   Parade Pics: Insert a picture of you at the Parade. What float was your favorite and why?
   My favorite float was the monsters inc. one. It was very creative and went along with the theme very well.

2. Your Day: ________________

On a scale of 1-10, 10 being the highest, rate the activity.
I would give my activity an 9.

What was at least 1 strength and 1 weakness of your activity? "It was fun" does not count as a strength. Address the activity itself... not the weather or number of students who watched etc.
One strength would be that all the participants said they liked it and they all tried their best. One weakness would be that all the participants go there at different times to instructions were said multiple times and some information got mixed up.

What did you bring or make for your activity?
For the activity, I helped tie all the donuts to the poll we were used to hold them up.

What did you do during lunch to help with your activity? Do not include cleaning up. Did you help set up? Did you demonstrate? Did you judge? Did you MC? Be specific.
For my activity I helped set up by putting the donuts of the poll, I judged who won, and I explained what was needed to do for the activity.

| 1 | Names in group: Gail, Mandy  
   (Each member must fill out their own form, but still list all names) |
| 2 | Describe what your group did for the month.  
   For the month of November we were lunch activities. We raised money for pulled pork dinners for the homeless. We stayed during two lunches and made flyers and a poster. For December we worked on promoting Mr. Emperor by making flyers and applications. |
| 3 | What did you do specifically for your committee? What were you in charge of?  
   For my committee I worked on poster making organizing the days we would stay in from lunch and passing out the meals to the homeless. |
| 4 | Did you learn anything new about yourself or your group while working with them this month?  
   I learned that it feels good to help people. Helping the homeless really made me feel grateful for what I have. I also learned that my group works really hard and we work better as a team. |
| 9 | What two things have challenged you the most in leadership thus far? Caused you to stretch, to grow, get out of your comfort zone? Consider everything we have done so far, not just this month’s work.  
   Two things that have challenged me so far is getting out of my comfort zone and being different and really being a leader that someone can look up to. |

While involvement in Student Council is voluntary, it is also a privilege and not a right. Students choosing to participate take on extra responsibilities as special representatives of their school and community. I understand that at times I may be left in the classroom, gym, or other school areas with my council and not under the direct supervision of a teacher. I understand that ONLY student council members are allowed to be in an unattended spaces and negative behavior will not be tolerated.

Major infractions including suspensions will result in immediate impeachment at the discretion of the activities director.

I, (print your name)__________________________ have read the Student Council Code of Conduct and agree to abide by the stated conditions. I understand that an infraction of any of the items listed above may result in my impeachment and I could be replaced.
