I will go over all the things to think about when setting up items in the web store.

1. Do you want the items to turn on and off automatically?
2. Do you want to set limits on how many can be bought?
3. Do you want to limit the item from a student if they owe money?
4. Do you only want certain grades to buy this item?
5. Do you want to have a no buy list (need dance agreements, demerits)?
6. Do you want the store to limit the sales by your inventory on hand?
